REMUNERATION COMMITTEE
Annual Report to the University Board 2022/23

Introduction

1. This report covers the work of the Remuneration Committee for the financial year 2022/23 and includes work performed up to the date of this report.
2. The Committee considered the full range of issues appropriate to its terms of reference and responsibilities. The Terms of Reference for the 2022/23 Academic Year are attached at Appendix A.
3. The Terms of Reference for the Committee were updated for 2022/23 Academic Year, the key changes being to the senior post-holders, with the change to the Chief Operating Officer in year, and to the membership, with the Vice Chair of the Board added.
4. This report from the Remuneration Committee to University Board, has been produced in line with best practice and as required to comply with the Committee of University Chairs' Higher Education Senior Staff Remuneration Code.
5. The Vice Chancellor, Chief Operating Officer, Deputy Vice Chancellor (Academic) and Deputy Vice Chancellor (Health Environment & Innovation) were the senior post-holders at the University through 2022/23.

Membership

6. The members of the Committee in 2022/23 were:

Mrs Jill Johnston (Chair)
Rev'd Canon Cameron Butland
Mr Martin Williams
Mr Peter Yates

All the Directors who were members of the Committee were formally appointed by the University Board. Their appointment to the Committee was coterminous with their period of office as Directors.

7. The secretary to the Committee was the University Secretary, Dr Jean Brown.

Meetings

8. The Committee held one meeting during the period, on 21 September 2022. Attendance was 100%. The University Secretary was in attendance at the meeting. The Vice Chancellor did not attend any part of the meeting.

Business of the Committee

9. A key aspect of the work of the Committee in 2022/23 was in relation to the Remuneration of the Vice Chancellor. Other aspects of the Committee's work are detailed below.
10. The Committee reviewed and approved its annual report to the Board for 2021/22.
11. In year one decision was made via e-mail circulation:
 - On 9 March 2023 the Committee was asked by e-mail circulation of a paper to approve the following regarding the pay award for point 52 of the pay framework and staff on the Corporate Leaders pay scales (A, B and C):

It is recommended, in line with staff on the national pay framework a partial award of the 2023/24 pay award is paid from 1 February 2023, with any further uplift beyond

this being applied from 1 August 2023 following RemCo approval of refreshed framework and the full and final 2023/24 pay award recommendation.

The Committee unanimously approved the decision; the opportunity for a meeting to discuss any aspects of concern was offered but not taken up.

Approach to Remuneration

12. The Committee takes a holistic approach to setting the remuneration of the Vice Chancellor and senior post holders, taking the responsibilities of the job, institutional and personal performance, the national pay agreement, the external environment and comparative information into account in the decision making.
13. The Committee considers the balance that is required between recruiting, retaining and rewarding the best staff for the institution and its key stakeholders, while demonstrating effective use of resources.
14. Performance of the individual cannot be wholly separated from that of the institution, however well-articulated personal objectives enable the individual's contribution and leadership to be appropriately balanced against the institutional performance metrics. Established processes are in place for setting objectives for the Vice Chancellor and all staff across the institution. Performance against these objectives is reviewed regularly through a Personal Development and Performance Review process. The Vice Chancellor's objectives reflect the ambition of the University's Strategy and the objectives articulated within the Annual Operating Plan.
15. The Remuneration Committee is keen to ensure that the reward mechanisms used by the institution are fair across all staff groups. The People Performance and Culture Committee oversees the policies and practices with respect to the majority of the University's staff, with the Remuneration Committee being provided with information on the national pay and grading framework and nationally agreed pay awards. The Remuneration Committee also approves the framework for staff whose remuneration lies between the national pay framework and that of the senior post holders.
16. The starting point for discussions of the Vice Chancellor's and senior post-holder's pay, presuming performance does not warrant withholding any increase, is the nationally agreed pay award. Where this award is made to staff, and when it is made, is usually reflected in the agreement for senior post-holders.
17. The Remuneration Committee is provided with a report from the Chair of the Board that sets out how the Vice Chancellor has performed against her objectives for the year. In addition, the Committee receives a report from the Chair of the Board that provides further context for its decision making, including reference to the feedback received in the one to one discussions held by the Chair with each member of University Board on an annual basis where, amongst other matters, the performance of the Vice Chancellor is discussed.
18. Relevant comparative data is used in the setting of the Vice Chancellor's remuneration, as reported to the Committee by the University Secretary. The comparative data report draws on the Universities and Colleges Employer Association's Senior Staff Remuneration Survey and the detailed information provided by the Committee of University Chairs' Vice-Chancellor Salary Survey. The Committee is provided with information relating to institutions and groups of institutions of relevance to the University, for example, those with similar turnover (higher and lower than the University).
19. Comparison of the Vice Chancellor's salary and total remuneration to the median of all staff is a requirement for the sector from the Office for Students. The data for the University of Cumbria for 2022/23, using the definitions set out in the Office for Students Accounts Direction, is as follows:
 - The Vice Chancellor's basic salary is 5.9 times (2021/22: 6.0) the median pay of staff,

where the median pay is calculated on a full-time equivalent basis for the salaries paid by the provider to its staff.

- The Vice Chancellor’s total remuneration is 7.0 times (2021/22: 7.5) the median total remuneration of staff, where the median total remuneration is calculated on a full-time equivalent basis for the total remuneration by the provider of its staff.

The Vice Chancellor’s Remuneration

20. As detailed in the 2021/22 Annual Report from Remuneration Committee to University Board, at its September 2021 meeting, Remuneration Committee agreed that the University needed to determine a ‘steady state’ salary for the Vice Chancellor’s role, so that this could become the baseline for the future. The Committee took into account its recommendations and discussions for the 2019/20 and 2020/21 years. It also looked at senior remuneration data from across the higher education sector, while noting that this did not provide a solid platform for benchmarking.
21. In its discussions relating to the Vice Chancellor’s remuneration for 2022/23, the Committee confirmed that, looking at the benchmark data, the Vice Chancellor’s current salary, following the increases paid last year, now appeared to be a reasonable one, taking into account all relevant factors, including the size and income of the University of Cumbria. It agreed that the position should be reviewed annually, but at present there seemed no case for any major changes.
22. With respect to the pay award for 2022/23, it was agreed that, whilst not the only driver for the salary of the Vice Chancellor, the performance of the University was relevant. Over the last year some aspects of the University’s performance had been positive but others less so, with the Vice Chancellor continuing to lead the University well, accepting that not all of the outcomes were as wished for.
23. It was agreed that the Vice Chancellor be given the same pay award as the majority of staff on the National Pay Framework pay-scale i.e. 3%. It was agreed that this would be backdated to 1 August 2022, the date that the pay award was made to staff. The Committee also agreed that, as the trade unions had not as yet accepted the pay award, if an additional award was made to staff on the National Pay Framework any decision in relation to the Vice Chancellor would be made by the Committee.
24. The Vice Chancellor’s total remuneration for 2021/22 and 2022/23 academic years is set out in the table below:

Vice Chancellor’s remuneration	2022/23	2021/22
Salary	213,210	207,000
Performance related pay	0	0
Benefits	0	0
Subtotal	213,210	207,000
Pension costs	50,488	49,018
Total	263,698	256,018

Justification for the Vice Chancellor’s Remuneration

25. The Financial Statements for 2022/23 require a note providing the justification of the Vice Chancellor’s remuneration for that year. The note is included here for completeness

(paragraphs 26 to 31 inclusive).

26. The University has adopted the Committee of University Chairs' Higher Education Senior Staff Remuneration Code, published in June 2018, in full. One aspect of this, the annual Remuneration Committee report to the Board for the 2022/23 financial year, can be found [here](#)¹. In line with the publication requirements of the Office for Students' Accounts Direction, the element of this report that covers the process for setting the Vice Chancellor's remuneration and the justification of this remuneration is set out below.
27. When determining the initial remuneration package for the Vice Chancellor on appointment in 2016, the Remuneration Committee took account of the university's circumstances, and noted a range of comparative data on remuneration of vice chancellors elsewhere in the sector.
28. Since her appointment Remuneration Committee have taken the starting point for the annual review of the Vice Chancellor's remuneration to be the nationally agreed pay award. The Committee has then taken a range of inputs into account in determining any additional uplift – these have included: comparative data from the Universities and Colleges Employer Association's Senior Staff Remuneration Survey; detailed information provided by the Committee of University Chairs' Vice-Chancellor Salary Survey; the external operating environment; plus the performance of the Vice Chancellor and the university over the past year.
29. The mechanism adopted to judge the performance of the Vice Chancellor is based on two processes: the first is an appraisal, between the Chair of the Board and the Vice Chancellor, on progress against her objectives for the year; the second is from interviews between the Chair of the Board and all board directors on a one to one basis, to obtain their feedback on the 'health' of the University and the contribution made by the Vice Chancellor. This is then fed into the Remuneration Committee by the Chair of the Board.
30. In determining the Vice Chancellor's remuneration for 2021/22 the Committee had looked to set a reasonable 'steady state' salary for the role to serve as the baseline for the future. As part of its deliberations for 2022/23, having reviewed the benchmark data, the Committee confirmed that its decisions in 2021/22, and the Vice Chancellor's salary that had come from them, had been reasonable, taking into account all relevant factors including the size and income of the University of Cumbria and the Vice Chancellor's level of experience.
31. With respect to the pay award for 2022/23, it was agreed that, whilst not the only driver for the salary of the Vice Chancellor, the performance of the University was relevant. Over the last year some aspects of the University's performance had been positive but others less so, with the Vice Chancellor continuing to be an enthusiastic advocate for the University and to lead it well, accepting that not all of the outcomes were as wished for. Bearing this in mind, it was agreed that the Vice Chancellor be given the same pay award as the majority of staff on the National Pay Framework pay-scale i.e. 3%. This amounted to a salary of £213,210 for 2022/23.

External Appointments and Expenses

32. The Vice Chancellor's contract specifies that 'The Vice-Chancellor may undertake occasional additional duties for the University, or other external bodies provided that she obtains the prior written consent of the Chair of the University Board to do so and subject to annual review. The Chair shall report all such matters to the Remuneration Committee. Any remuneration payable to the Vice-Chancellor by such external bodies may be retained by her, but shall be reported annually by her in writing on a confidential basis to the Chair of the Board, who may from time to time initiate a review of the extent and suitability of these additional duties.'
33. In 2022/23 the Vice Chancellor was not in receipt of any income from external appointments.
34. All members of University staff, including the Vice Chancellor, follow the expenses policy that

¹ <https://www.cumbria.ac.uk/about/publications/>

can be found on the internal Staff Hub. The Quick Guide is attached at Appendix B, the full document will be provided on request. Expenses incurred by the Vice Chancellor in 2022/23 amounted to £4,858.85 (in addition there was £510.68 that was unable to be reclaimed from an international visit that was cancelled by the other party).
