CUMBRIA SUMMER SCHOOL TIMETABLE 2024

*Subject to change

Lancaster City is situated in a superb location, which reflects so much British culture and heritage. The summer programme aims to give students a better understanding and knowledge of British culture and heritage through excursions to historic sites and popular attractions in the UK such as the Lake District. Students participating will have a chance to visit Lancaster Castle and museums to uncover the city's ancient stories hidden in its walls and buildings. Students will discover the open spaces and strong design of the University campus and find out how those seats of learning have influenced the city over the years.

We are inviting students from all over the world to come and experience what it's like to live and study at the University of Cumbria. This is your opportunity to learn about history and rich traditions that exist, as well as the diverse regional cultures, practices, and traditions of the UK. Through our intensive, interactive learning classes taught by experienced teachers, you will receive an expert interpretation and understanding of Great Britain.
